Humana Medicare Advantage makes accessing your vision care simpler

Understanding what eye care exams are covered will help you get the most from your Humana Medicare Advantage (MA) plan.

Benefits vary by plan, and you can find vision benefit details in your Summary of Benefits or Evidence of Coverage. You can find your plan's details in your member account at MyHumana.com.

Medical vision benefits

All Humana Medicare Advantage (MA) plans include medical vision coverage – that's Medicare covered services such as outpatient services for the diagnosis and treatment of diseases and injuries of the eyes. For example: diabetic eye exam, glaucoma screening, and eyewear post-cataract surgery. **For your medical vision benefits, look for vision specialists (such as ophthalmologist or optometrist) within the medical network of your plan at: Findcare.humana.com > Medical**

Routine vision benefits

Your MA plan also includes routine vision benefit coverage – like a routine vision exam and an allowance for eyewear. **Your routine vision plan is indicated by VIS +3 digit number on the back of your ID card.** Routine vision benefits are either through the Humana Medicare Insight Network, or the medical network of your plan. **For routine vision benefits, find a provider based on your state and plan type below:**

TX and LA:

Routine Vision VIS1xx or VIS0xx: ***Findcare.humana.com*** *> Enter Zip Code > Medical > Select Network (your plan's name) > Search Category "Specialty" > Optometrist > Search.*
